

The Dickson Poon School of Law, King's College London (Great Britain)

Study Guide

1 Overall impression

I had a great time at KCL. The staff and professors are all very open-minded, helpful and experienced in their field.

2 Making preparations

(e.g. administrative matters, finding information)

I did not really prepare anything. I signed up for a KCL residence in advance, though.

3 Contacts/Responsibilities

(e.g. important contact persons at the Partner University and Faculty)

Every student will get a personal tutor, which is very helpful.

4 Housing

I first signed up for a KCL residence. However, I did not like it and changed my accommodation after living there for two weeks. Now I'm living in a private flat.

5 Arrival

I arrived on the 14th of September.

6 Telephone

(e.g. costs, carriers)

I got a student account at Vodafone (called VOXI) for £ 10 a month.

7 Bank account

I did not open a bank account. However, I got a Revolut and was more than satisfied.

8 Transport

I traveled by train to London via Paris. As I lived very close to Strand campus, I was able to walk to uni every day.

9 General information about the Partner Faculty and student life

At KCL you're able to meet people from all over the world. They are all very open-minded and there are a lot of cool events, dinners and parties.

10 Teaching and studying at the Partner Faculty

(e.g. program structure, methodology, exams, etc.)

There's a big variety of modules you can choose. All professors are super kind and love to help you out. However, the administration is very slow and everything takes quite a lot of time (information etc.).

11 City

(e.g. cultural activities, sports, discounts, nightlife, must-sees, short trips, etc.)

London is an amazing city to live. There are so many museums, musicals, events and good restaurants and bars.
