How the role will look like

- Regulatory assessment and advice regarding running our platform: stay informed about changes in laws, regulations, and industry standards affecting the blockchain sector and assist in updating internal policies and procedures accordingly.
- Transaction structuring: enabling the structuring our our customers' issuances
- Contract review: review and draft contracts, agreements, policies and legal documents
- Compliance: Support our compliance team with solving legal questions
- General legal and admin support

What you should bring

- Completed BLaw (or in the last semester)
- Keen interest in blockchain technologies, regulation and securities law
- Enjoyment of challenges and eagerness to learn (you don't have to bring extensive knowledge, but you must have fun in quickly learning new things)
- Self-motivated, independent and structured working approach
- Fluency in English and German

What we are offering

- you will learn many new things and benefit from a team of leading finance, legal and tech experts
- you will take on responsibility and drive things ahead
- you will position yourself as a lawyer in a extremely dynamic, global market
- you will be at the forefront of innovation in global fin-legal-tech
- you can have flexible working hours to accommodate to your academic schedules
- you will have company retreats with your colleagues every now and then
- Salary of CHF 1'300-1'600

If you have any questions about the role, our Co-Founder and Chief Legal Officer, Dr. Stephan D. Meyer, RA, LL.M, EMBA (stephan@obligate.com), is happy to answer them.

If you think that you could be a good fit, please submit your CV and a motivation letter that also answers the following two questions:

- What makes you excited about this opportunity?
- What achievement in your life are you most proud of and why?

to our Operations Manager, Linda Pho (linda@obligate.com).

We are looking forward to hearing from you!
